ELECTRONICALLY FILE (EFILE) OTHER DOCUMENTS

You may eFile documents other than a Petition in DAWSON.

EFILING IS MANDATORY

1. **Electronic filing (eFiling) is mandatory for most parties represented by counsel (practitioners) in cases with petitions filed on or after July 1, 2010.**
 - a. See Rule 26(b), Tax Court Rules of Practice and Procedure.
 - b. Mandatory eFiling does not apply to:
 - i. Pro se petitioners, including petitioners assisted by low-income taxpayer clinics and Bar-sponsored pro bono programs that participate in Tax Court calendar calls.
 - ii. Practitioners who apply to the Court for and are granted relief from the requirement to eFile based on good cause.
 - iii. Documents filed at trial sessions; or documents not eligible for eFiling.
 - c. The Court will not accept for filing any document required to be eFiled under this policy that is submitted by mail or delivered to the Clerk's Office in paper form unless it is accompanied by a motion for leave to file in paper and that motion is granted.

EXEMPTION FROM EFILING FOR LOW-INCOME TAXPAYER CLINICS AND BAR-SPONSORED PRO BONO PROGRAMS

1. Practitioners employed by low-income taxpayer clinics or who assist taxpayers as part of a Bar-sponsored pro bono program may, but are not required to, eFile on their clients' behalf.
2. Practitioners who wish to be exempt from eFiling under the low-income taxpayer clinic/Bar-sponsored pro bono program exemption must file a motion to be exempt from eFiling in each case in which they wish to be exempt.

GOOD CAUSE EXCEPTION TO EFILING

1. Upon motion and a showing of good cause, the Court may exempt a practitioner who has entered an appearance in a case (or cases) from eFiling and permit filing in paper form.
2. If a practitioner is unable to eFile, they must file in **each case** for which they are seeking to be exempt a paper motion for leave to be exempted from eFiling (motion for exemption) and show good cause (i.e., hardship to the practitioner) why he or she cannot eFile. There is no blanket exception.
3. A motion for exemption, if granted, does not alter any preexisting deadlines.
4. Accordingly, the practitioner may also wish to submit in paper form, along with the motion for exemption, any responsive documents that are due to ensure all filing deadlines are met.
5. Note: If the Court grants a practitioner's motion for exemption, they will not be eligible to receive electronic service (eService) in that case.

WHAT DOCUMENTS MAY BE EFILED

1. Please refer to the Tax Court's website for a [comprehensive list of documents](#) that can be eFiled in DAWSON.
2. If a document that you wish to file with the Court is not included on that list, it should be filed by mailing a paper copy to the Court.

TIPS & TRICKS

- All uploaded documents must be in PDF format (.pdf). The maximum file size for each upload is 250MB.
 - Note: PDF Portfolio files are not supported at this time.
- If your document is larger than 250MB, you should upload the information in pieces as separate documents--each must be 250MB or less.
 - If you have multiple documents that you would like to upload, and they are the same document type (e.g., Exhibits), combine them into one PDF document (not to exceed 250 MB), rather than uploading each document separately.
- You can upload/file up to 5 supporting documents (declarations, affidavits, etc.) as part of the same transaction.
- To file several separate documents, complete the File a Document flow as many times as needed.
- If the document you are filing requires a signature:
 - The combination of username (email address) and password in DAWSON serves as the signature of the individual filing the document.
 - If the document requires a signature in addition to that of the party you represent, such as in a case where both spouses are petitioners and you only represent one spouse, the document should be signed by the additional party before being uploaded.

- If the document is being filed by multiple practitioners, the document should be signed by the additional practitioners before being uploaded.
 - Note: In TEFRA cases being submitted under Rule 248(a), the tax matters partner must sign to certify that no other party objects to the entry of decision.
- Acceptable digital signatures in DAWSON
 - Parties may submit a high-resolution or PDF document bearing either imaged or digitized signatures in satisfaction of the requirements of Rule 23(a)(3), Tax Court Rules of Practice and Procedure.
 - PDFs of documents bearing an actual signature are acceptable. (Print and sign before turning into a PDF)
 - Documents signed using an authentication program (e.g., Adobe or DocuSign) are acceptable.
 - Stylized signatures (e.g., signing with "/s" or using cursive font) are not preferred but are acceptable when made with authorization.
- Lodged Documents
 - A **Lodged** document means that the document is sent to, but not yet officially filed with, the Court.
 - A document is Lodged with the Court as part of a Motion for Leave to File (asking the Court's permission to file something the Court did not ask for) or a Motion for Leave to File out of Time (asking the Court's permission to file something late).
 - When filing a **Motion for Leave to File** type of document, the user is prompted to identify and upload the document that should be lodged with the motion.
 - In the example below, the Party uploaded a Motion for Leave to File Report, and also uploaded the Report document.

INTERVENOR TO A CASE

An intervenor to a case is typically the non-requesting spouse in a section 6015 ("Innocent Spouse") case. If you represent a party that received a Notice of Filing of Petition and Right to Intervene from the IRS, follow the guidance below on how to gain access to the case.

NOTICE OF INTERVENTION

1. To gain access to the case, you must complete and file the Notice of Intervention. This form can be accessed here:
https://ustaxcourt.gov/resources/forms/Notice_of_Intervention_Form_13.pdf
2. As a practitioner, you may file this form electronically, but note that DAWSON does not yet allow for you to select intervenor as the filing party. When filing the Notice of Intervention on behalf of the intervenor, select the petitioner as the filing party and the Court's Docket Section will correct it on the record after performing a quality review check of the filing.
3. After efilng the Notice of Intervention, a green confirmation banner is displayed, a print receipt is available, and a "Request for Access Pending" notification is displayed.

ELECTRONIC SERVICE (ESERVICE)

Rule 21(b)(1)(D), Tax Court Rules of Practice and Procedure, authorizes service by electronic means if the person served consented in writing. Unless a practitioner has been granted an exemption from mandatory eFiling, the use of DAWSON constitutes consent to electronic service.

USING ESERVICE IN DAWSON

An eFiler may use DAWSON to electronically serve those parties or persons in the case who have consented to electronic service. A party's service preference is listed under their contact information on the Case Information tab within a case.

Each time a party eFiles a document, DAWSON generates a service notification email to all parties and persons in the case who have consented to electronic service (*see note below). The service notification email in conjunction with the entry on the Court's electronic docket record constitutes service on all parties who have consented to electronic service. A certificate of service is not required with an eFiled document if all parties receive electronic service. Similarly, each time the Court issues a document in a case, a service notification email is generated to all parties who have consented to electronic service.

When you receive the Court's service notification email, you should log on to DAWSON to view/download the document(s). The document may also be saved or printed at this time. Practitioners are required to regularly log on to DAWSON to view any new activity in their case(s).

*When a practitioner enters an appearance or when a practitioner files the first IRS document on a case, a service email will **not** be sent to that practitioner's email address but will be sent to all parties to the case that have registered for eService. Service emails are sent to practitioners that are parties to the case for subsequent filings after their first document is filed on a case.

PAPER SERVICE

The filing party must make paper service on service parties who have not consented to electronic service. The filing party must also make paper service when filing a document with the Court in paper form. Certificates of service are required for paper service.

DOCUMENTS NOT ELIGIBLE FOR ESERVICE

Parties cannot use DAWSON to make service of documents that are not filed with the Court, such as discovery requests. The Court cannot serve documents that are not properly filed on the Docket Record.

BOUNCED ESERVICE

If the Court's service notification email to a pro se petitioner is returned (bounces back) to the Court's system as undeliverable, the Court will revoke the petitioner's electronic service and notify the eFiler, who must then serve the pro se petitioner in paper form and eFile a

certificate of service in the case. The Court will also notify the pro se petitioner on whom eService failed and provide instructions for restoring eService. Electronic service is optional for self-represented petitioners, and they are not required to take further action unless they wish to eFile documents going forward.

The Court does not monitor bounced-back emails from practitioners or provide paper service to practitioners unless they have been granted an exemption from mandatory eFiling. To reduce the possibility of notifications being misclassified as spam or returned as undeliverable, practitioners should add the Court's domain "ustaxcourt.gov" to their email program's list of safe senders and update their email address in the event it changes.

FIND A CASE

To search for a case in DAWSON that is not one in which you have entered an appearance, you can click on the Advanced Search button on your dashboard if you are logged in.

When a logged in Practitioner views a case docket record that they are not a party to, the Practitioner will only be able to see the “public” view of the case (only non-sealed Orders, Opinions, and briefs efiled by Practitioners after 8/1/2023 will have active links).

If you are not logged in, go to the DAWSON homepage, <https://dawson.ustaxcourt.gov/>. There, you can search for a case by Petitioner Name or Docket Number on the Case tab.

The screenshot shows the DAWSON homepage with a dark blue header. On the left is the United States Tax Court seal. To its right is the text "Welcome to DAWSON". In the top right corner are links for "Log In" and "Create Account". Below the header is a dark blue navigation bar with the word "Search" in white. Underneath this is a horizontal menu with four tabs: "Case" (underlined), "Order", "Opinion", and "Practitioner".

Below the menu, a message states: "Anyone can search for a case in our system for cases filed on or after May 1, 1986." followed by two bullet points:

- If you aren't affiliated with a case, you will only see limited information about that case.
- Sealed cases and affiliated documents will not display in search results.

The page is divided into two main search sections:

- Search by Name:** This section includes a required "Petitioner name" input field, a note about advanced syntax search, and dropdowns for "Country" (All, United States, International). It also has date fields for "Date filed start date" and "Date filed end date" with MM/DD/YYYY formats and calendar icons. At the bottom are "Search" and "Clear Search" buttons.
- Search by Docket Number:** This section includes a required "Docket number" input field, a note about the format (e.g., 123-19), and a "Search" button.

SEARCH BY DOCKET NUMBER

1. To search for a case by Docket Number, you must include the dash in the Docket Number (e.g., 123-18).
2. You may, but do not have to, include the letter suffix (S, L, SL, R, X, D, or P) of the Docket Number to find a case.
3. When you enter a Docket Number that matches a case in the system, that case will display. If you enter a Docket Number that has no matching case, you will get a “No Matches Found” message.

SEARCH BY NAME

1. To search for a case by petitioner name, you must enter the petitioner's full or last name. Partial name searches (e.g., entering "Ron" for Ronald) are not currently supported.
2. You can improve your search results by adding a date range for the Filed Date of the case, the Country, or the State. If the United States is selected, U.S. Territories and military bases are included.

VIEW A CASE DOCKET RECORD

Any case docket record that is not sealed can be viewed in DAWSON.

1. After using the Case Search (described in the previous section), click on the case docket number link from the results list to open the case docket record.
